SUMMARY OF EPISODE/DAMAGE (Continue on page 2, if necessary):

Monterey County Agricultural Commissioner's Office (CAC) received a complaint from California Rural Legal Assistance (CRLA) on July 9, 2014, concerning two field workers who were allegedly exposed to pesticides and received medical attention. During the investigation, Monterey CAC found that three more field workers from the same crew also complained of symptoms and received medical attention.

The alleged exposure occurred on June 20, 2014 around 5:50am, when a helicopter application was being made by licensed pest control business, [REDACTED]. The application was in a field adjacent to the lettuce field where 18 field workers had arrived to start their work day of thinning/weeding. Five field workers complained of symptoms and were taken to Pinnacle Heath Care Services in Salinas for medical attention the same day.

Monterey CAC is currently conducting all pertinent interviews and continuing the investigation.
